Fictional example: Morgan offers to share transport planning rather than taking over everyone's arrangements.

Use an ordinary or fictional example, with a clinician when appropriate. Contribution can include mutual care and receiving support.

Practice task

Design one small cooperative action that respects your energy and the other person's preferences.

1. What I tried, or what happened in the fictional example:

2. What I noticed before, during, and after; what remains uncertain:

3. What helped, did not help, or was outside my control:

4. How can contribution remain mutual? My optional adjustment or support request:

Scope and adaptation

Explore patterns as collaborative hypotheses. Do not infer personality from sibling position, treat recollections as recovered facts, blame people for coping, or frame structural inequality as a lack of effort.
