Inferiority and Comparison - Practice worksheet

Name a comparison, the standard behind it, and the contextual information it leaves out.

Adults; supported use as appropriate | 15 minutes

Fictional example: Morgan compares a new role with a colleague's ten years of experience.

Use an ordinary or fictional example, with a clinician when appropriate. Feeling less capable need not define overall worth.

Practice task

Name a comparison, the standard behind it, and the contextual information it leaves out.

1. My chosen or fictional situation, and what I know about it:

2. My response to the practice task above:

3. What changes when the comparison includes context?

4. An optional next step, support, adaptation, or reason to stop:

Scope and adaptation

Explore patterns as collaborative hypotheses. Do not infer personality from sibling position, treat recollections as recovered facts, blame people for coping, or frame structural inequality as a lack of effort.
