Family Constellation Curiosity - Practice worksheet

Map influential relationships and roles using your own words; mark assumptions about sibling position as questions.

Adults; supported use as appropriate | 15 minutes

Fictional example: Morgan describes being the organizer in a multigenerational household.

Use an ordinary or fictional example, with a clinician when appropriate. Family meanings are individual and not determined by birth order.

Practice task

Map influential relationships and roles using your own words; mark assumptions about sibling position as questions.

1. My chosen or fictional situation, and what I know about it:

2. My response to the practice task above:

3. Which role was assigned, chosen, or changed over time?

4. An optional next step, support, adaptation, or reason to stop:

Scope and adaptation

Explore patterns as collaborative hypotheses. Do not infer personality from sibling position, treat recollections as recovered facts, blame people for coping, or frame structural inequality as a lack of effort.
