Acceptance and Change Together - Practice worksheet

Write two accurate statements about a manageable difficulty: what is true now and what you want to influence.

Adults; supported use as appropriate | 15 minutes

Fictional example: Taylor feels disappointed and still wants to make a clear request.

Use an ordinary or fictional example, with a clinician when appropriate. Acceptance and change can be held together without approving harm.

Practice task

Write two accurate statements about a manageable difficulty: what is true now and what you want to influence.

1. My chosen or fictional situation, and what I know about it:

2. My response to the practice task above:

3. What can be accepted as present while you choose a change?

4. An optional next step, support, adaptation, or reason to stop:

Scope and adaptation

These are selected DBT-informed educational exercises, not comprehensive DBT, phone coaching, or crisis care. Use individualized clinical assessment and existing care plans. No cold-water immersion, breath holding, intense exercise prescriptions, exposure assignments, or risk scoring are included. Behavior chains and opposite-action decisions need clinician guidance when risk or complexity is present.
