Fictional example: Taylor wants to send a sharp message and also wants to preserve a working relationship.

The idea

Emotion and reason can both contribute to a considered response.

An ordinary example

Taylor wants to send a sharp message and also wants to preserve a working relationship.

What this can look like

List emotional information, practical facts, and a response that takes both seriously.

Check the fit

What response respects the feeling and the longer-term aim? You may disagree with the framing, use fiction, or decide that this approach is not useful today.

A useful distinction

Acceptance acknowledges the present; it does not endorse harm or remove the need for change.

Reflection

What response respects the feeling and the longer-term aim?

Scope and adaptation

These are selected DBT-informed educational exercises, not comprehensive DBT, phone coaching, or crisis care. Use individualized clinical assessment and existing care plans. No cold-water immersion, breath holding, intense exercise prescriptions, exposure assignments, or risk scoring are included. Behavior chains and opposite-action decisions need clinician guidance when risk or complexity is present.
