Best Hopes Conversation - Practice worksheet

Describe what would make this meeting useful using a personally meaningful, observable sign.

Adults; supported use as appropriate | 15 minutes

Fictional example: Devin wants to leave knowing one manageable way to start the week.

Use an ordinary or fictional example, with a clinician when appropriate. The person's own hopes guide the conversation.

Practice task

Describe what would make this meeting useful using a personally meaningful, observable sign.

1. My chosen or fictional situation, and what I know about it:

2. My response to the practice task above:

3. What would tell you this conversation was worth your time?

4. An optional next step, support, adaptation, or reason to stop:

Scope and adaptation

Acknowledge distress and structural barriers before asking about change. Do not use exceptions or compliments to dismiss harm. A personal scale is a conversational aid, not a validated outcome measure, risk screen, or reason to withhold assessment.
