Noticing Change between Sessions - Review journal

Review an attempt at noticing change between sessions and choose what to keep, change, or leave aside.

Fictional example: Devin looks for one occasion of beginning a task with less preparation.

Use an ordinary or fictional example, with a clinician when appropriate. Change can be observed without assigning constant homework.

Practice task

Choose one sign of a preferred difference and a low-burden way to notice whether it appears.

1. What I tried, or what happened in the fictional example:

2. What I noticed before, during, and after; what remains uncertain:

3. What helped, did not help, or was outside my control:

4. What is enough observation for this week? My optional adjustment or support request:

Scope and adaptation

Acknowledge distress and structural barriers before asking about change. Do not use exceptions or compliments to dismiss harm. A personal scale is a conversational aid, not a validated outcome measure, risk screen, or reason to withhold assessment.
