Immediate Needs before Explanations - Scenario Card Exchange

You may write, draw, think quietly, use fiction, observe, or pass. Share only what you choose. This educational activity is not a test.

Fictional example: A member needs safe transport and a care conversation before a detailed review.

1. What is known in the fictional example, and what needs checking?

2. Sort practical and clinical support needs from questions that can wait after a difficult event. My notes, drawing, or possible response:

3. What should come first for this fictional situation?

4. One optional next step, support, or reason to revise the idea:

You can pause or stop. Ask your facilitator for an alternative if this does not fit. No identifying information belongs in shared copies. Independent clinical review pending.
