# Practical Recovery Budget

You may write, draw, think quietly, use fiction, or pass. Share only what you choose. This is an educational practice activity, not an assessment.

### An optional fictional starting point

Transport costs interfere with attending support.

### 1. Choose an ordinary or fictional example. You may keep details private.

### 2. Try this task: Identify routine expenses and practical supports needed for a self-defined goal.

### 3. Which resource gap needs practical attention?

### 4. One optional next step, support request, or question I want to carry forward.

You can pause or stop. Ask your facilitator for an alternative if this activity does not fit. Keep identifying details out of any shared copy.
