# A Circle of Chosen Belonging - Supported Practice Lab

30 minutes | 3-12 people | Adults with trained group facilitation

Map ways a fictional group can include members without requiring sameness or disclosure.

## Open with choice - 3 minutes

Explain the purpose, privacy limits, and the option to observe, use fiction, adapt, or pass. Check access needs and group readiness; do not promise absolute confidentiality.

## Meet the fictional case - 4 minutes

Members have different cultures, capacities, and reasons for attending. Ask what is known, what is assumed, and what the person in the case wants.

## Practice: Skills rehearsal - 16 minutes

Map ways a fictional group can include members without requiring sameness or disclosure. Offer speaker, support-listener, and observer roles using the fictional case. Model a brief permission-based exchange, rehearse one small part of the task, and invite a role switch only by choice. Observers notice clarity and consent rather than rating people.

## Reflect and compare - 4 minutes

What makes belonging voluntary? Ask what fits, what does not, and what external conditions or supports affect the options. No personal disclosure is required.

## Close and integrate - 3 minutes

Invite an optional observation, support request, or small next step. Passing is welcome. Agree how to revisit questions and seek appropriate help outside the exercise.

## Practice output

A brief practiced statement, question, or support request, plus one revision.

## Scope and care

Use fictional or ordinary examples, consent, accessibility adaptations, and passing. Original educational group facilitation; not a complete treatment protocol. Do not interpret drawings or require personal disclosure.
