Emotion Weather Map

Emotional Regulation | 30 minutes | 3-12 participants | Adults and teens 13+ with appropriate facilitation

Purpose

Represent mixed emotions as changing weather without ranking any weather as bad.

Materials: Paper or a printable handout, Pens or an accessible writing alternative, Optional blank cards or simple drawing materials

Invite and agree - 3 minutes

Name the purpose and the right to pass, observe, write, or use fiction. Agree that people share only their own experiences and do not promise absolute group confidentiality.

Introduce the example - 3 minutes

A person feels excited and worried before a move. Ask what is known and what is still a guess.

Practice: Mapping - 17 minutes

Represent mixed emotions as changing weather without ranking any weather as bad. Create a simple diagram or table. Label relationships, gaps, or choices; participants decide which connections fit.

Reflect together - 4 minutes

How can two feelings share one forecast? Ask what fit, what did not fit, and what would make the exercise more accessible. Do not interpret another person's response.

Choose a next step - 3 minutes

Invite one optional action, support request, or question to carry forward. Passing is a valid closing response. Confirm how to seek appropriate support outside the activity.

Facilitator fit and boundaries

Use drawings or chosen words rather than requiring body awareness. Do not imply feelings cause harmful actions.

Offer observation, private writing, or a fictional example. Adapt instructions and group size to access needs. No client responses are collected by this page.
