# Rebuilding One Routine

Grief & Resilience | 20 minutes | 3-12 participants | Adults with appropriate facilitation

## Purpose

Design a reversible small routine after disruption and choose a review point.

Materials: Paper or a printable handout, Pens or an accessible writing alternative, Optional blank cards or simple drawing materials

## Invite and agree - 3 minutes

Name the purpose and the right to pass, observe, write, or use fiction. Agree that people share only their own experiences and do not promise absolute group confidentiality.

## Introduce the example - 3 minutes

A familiar weekly activity has ended. Ask what is known and what is still a guess.

## Practice: Practice experiment - 7 minutes

Design a reversible small routine after disruption and choose a review point. Agree on a short, reversible test and what to notice. Try or simulate it, then compare observations without scoring people.

## Reflect together - 4 minutes

What could be tried without replacing what was lost? Ask what fit, what did not fit, and what would make the exercise more accessible. Do not interpret another person's response.

## Choose a next step - 3 minutes

Invite one optional action, support request, or question to carry forward. Passing is a valid closing response. Confirm how to seek appropriate support outside the activity.

## Facilitator fit and boundaries

Allow privacy and passing. Do not prescribe grief stages, closure, forgiveness, spiritual meaning, or a growth lesson.

Offer observation, private writing, or a fictional example. Adapt instructions and group size to access needs. No client responses are collected by this page.
