Energy-Matched Task Menu

Life Skills & Wellness | 20 minutes | 3-12 participants | Adults and teens 13+ with appropriate facilitation

Purpose

Match tasks to available energy and identify what can be postponed or shared.

Materials: Paper or a printable handout, Pens or an accessible writing alternative, Optional blank cards or simple drawing materials

Invite and agree - 3 minutes

Name the purpose and the right to pass, observe, write, or use fiction. Agree that people share only their own experiences and do not promise absolute group confidentiality.

Introduce the example - 3 minutes

A person has a lower-energy day. Ask what is known and what is still a guess.

Practice: Card sort - 7 minutes

Match tasks to available energy and identify what can be postponed or shared. Write short statements drawn from the example on cards. Sort using the distinctions in the task, then discuss cards that could fit more than one place.

Reflect together - 4 minutes

Which task is essential today? Ask what fit, what did not fit, and what would make the exercise more accessible. Do not interpret another person's response.

Choose a next step - 3 minutes

Invite one optional action, support request, or question to carry forward. Passing is a valid closing response. Confirm how to seek appropriate support outside the activity.

Facilitator fit and boundaries

Adapt to disability, resources, schedules, and cultural preferences. Avoid prescribing diets, exercise targets, or medical treatment.

Offer observation, private writing, or a fictional example. Adapt instructions and group size to access needs. No client responses are collected by this page.
