Everyday Movement Choices

Life Skills & Wellness | 30 minutes | 3-12 participants | Adults and teens 13+ with appropriate facilitation

Purpose

Identify personally chosen accessible movement or rest options without performance targets.

Materials: Paper or a printable handout, Pens or an accessible writing alternative, Optional blank cards or simple drawing materials

Invite and agree - 3 minutes

Name the purpose and the right to pass, observe, write, or use fiction. Agree that people share only their own experiences and do not promise absolute group confidentiality.

Introduce the example - 3 minutes

People have different mobility and energy needs. Ask what is known and what is still a guess.

Practice: Planning workshop - 17 minutes

Identify personally chosen accessible movement or rest options without performance targets. Sketch several possible responses, compare access and likely tradeoffs, and choose one adjustable plan with a backup.

Reflect together - 4 minutes

Which choice respects the person's body and context? Ask what fit, what did not fit, and what would make the exercise more accessible. Do not interpret another person's response.

Choose a next step - 3 minutes

Invite one optional action, support request, or question to carry forward. Passing is a valid closing response. Confirm how to seek appropriate support outside the activity.

Facilitator fit and boundaries

Adapt to disability, resources, schedules, and cultural preferences. Avoid prescribing diets, exercise targets, or medical treatment.

Offer observation, private writing, or a fictional example. Adapt instructions and group size to access needs. No client responses are collected by this page.
