Invite and agree - 3 minutes

Name the purpose and the right to pass, observe, write, or use fiction. Agree that people share only their own experiences and do not promise absolute group confidentiality.

Introduce the example - 3 minutes

A character starts tasks but loses track of the next step. Ask what is known and what is still a guess.

Practice: Mapping - 17 minutes

Identify reminders, people, and environmental supports for a chosen task. Create a simple diagram or table. Label relationships, gaps, or choices; participants decide which connections fit.

Reflect together - 4 minutes

What support reduces the burden of remembering? Ask what fit, what did not fit, and what would make the exercise more accessible. Do not interpret another person's response.

Choose a next step - 3 minutes

Invite one optional action, support request, or question to carry forward. Passing is a valid closing response. Confirm how to seek appropriate support outside the activity.

Facilitator fit and boundaries

Adapt to disability, resources, schedules, and cultural preferences. Avoid prescribing diets, exercise targets, or medical treatment.
