Treatment Access Barriers - Scenario Card Exchange

You may write, draw, think quietly, use fiction, observe, or pass. Share only what you choose. This educational activity is not a test.

Fictional example: A member's preferred service is difficult to reach.

1. What is known in the fictional example, and what needs checking?

2. Map cost, scheduling, transport, language, or stigma barriers and a feasible support request. My notes, drawing, or possible response:

3. Which barrier requires a service or system response?

4. One optional next step, support, or reason to revise the idea:

You can pause or stop. Ask your facilitator for an alternative if this does not fit. No identifying information belongs in shared copies. Independent clinical review pending.
