Medication and Substance Questions - Scenario Card Exchange

You may write, draw, think quietly, use fiction, observe, or pass. Share only what you choose. This educational activity is not a test.

Fictional example: A member is uncertain what information to share at a visit.

1. What is known in the fictional example, and what needs checking?

2. Prepare nonjudgmental questions for a prescriber about treatment and substance-use concerns without offering interaction advice. My notes, drawing, or possible response:

3. What belongs in a qualified medical conversation?

4. One optional next step, support, or reason to revise the idea:

You can pause or stop. Ask your facilitator for an alternative if this does not fit. No identifying information belongs in shared copies. Independent clinical review pending.
