Navigating Services - Practice worksheet

Create a map of providers, peer services, scheduling contacts, and questions about eligibility or cost.

Adults; supported use as appropriate | 15 minutes

Fictional example: Casey is unsure which service handles a referral.

Use an ordinary or fictional example, with a clinician when appropriate. Knowing roles and routes can reduce the burden of seeking help.

Practice task

Create a map of providers, peer services, scheduling contacts, and questions about eligibility or cost.

1. My chosen or fictional situation, and what I know about it:

2. My response to the practice task above:

3. Who can clarify the next step without making you tell the whole story again?

4. An optional next step, support, adaptation, or reason to stop:

Scope and adaptation

Original IMR-informed companion exercises, not the official IMR manual, fidelity assessment, or complete IMR program. Use collaborative clinical assessment and existing care plans. Do not change medication independently, challenge distressing beliefs through confrontation, or use worksheets to determine urgency. Increased or concerning symptoms need appropriate clinical assessment.

Original AI-assisted educational draft; independent clinical review pending. Version 1.0. Background: Illness Management and Recovery Evidence-Based Practices KIT. Full source links and scope: library.morethantherapy.org/recovery/resources/IMR-A17-2
