Practice task

Draft an accountable statement, a consent-based next step, and a realistic review plan when an agreed boundary was breached.

2. What I noticed before, during, and after; what remains uncertain:

3. What helped, did not help, or was outside my control:

Scope and adaptation

Adult-only, non-explicit educational resources. The searchable phrase pornography addiction is not used here as an established diagnosis. Frequency, high desire, or moral distress alone does not establish a disorder; assess impaired control, functioning, distress, consent, and context with a qualified clinician. Respect consensual sexuality and chosen goals; no explicit media, aversion exercises, forced disclosure, or coercive monitoring.
