Values in Work and Rest - Practice worksheet

Describe desired qualities in work and rest, then identify one adjustment to current demands.

Adults; supported use as appropriate | 15 minutes

Fictional example: Avery values dependability and needs time away from work to sustain it.

Use an ordinary or fictional example, with a clinician when appropriate. Rest can be considered alongside contribution without requiring productivity to justify it.

Practice task

Describe desired qualities in work and rest, then identify one adjustment to current demands.

1. My chosen or fictional situation, and what I know about it:

2. My response to the practice task above:

3. What balance respects capacity rather than an idealized schedule?

4. An optional next step, support, adaptation, or reason to stop:

Scope and adaptation

Values are personally chosen directions, not moral rankings or evidence of worth. Recognize structural barriers, disability access, and culturally varied meanings. Do not turn willingness into exposure to danger, excuse coercion, or prescribe one life path. These original exercises do not constitute a complete ACT protocol.
